CHINA WILL DEFEND HERSELF IN FUTURE

President of Chinese Reform Association So Declares.

Invasions Must Cease for the Flowery Kingdom Will Resist With All Her Force.

REAPING THE JAPANESE LESSON

New York, May 1.—Kang, Yu Wan, the president of the Chinese Reform Association, who is passing through New York on his way from Mexico to Europe, addressed a meeting of the association Monday night. Later he was interviewed by a morning paper which quotes him as follows:

"China is no longer in the dark ages. She has already reached the point where Japan was only twenty years ago, after years and years of endeavor. This is not because the Japanese were slow in learning but rather because they were the pioneers. They cooked, we eat. We have now for example more than 20,000 Chinese students pursuing advanced modern courses of study. As to common schools, some 5,000 have been started in the one province of Canton.

Speak English. "There are now four million Chinese who can speak English. Our courts are being remodelled after the English system. We have thus appropriated to our use over 10,000 American, English and European text books, technical works and treatises mostly, which indicates how extensively the progressive movement is spreading."

"The Boxer trouble," he said, "are over forever. They have been anti-foreign feeling among the ignorant, and ignorance is rapidly decreasing in China and being replaced by a more enlightened sense of progress throughout all classes of population."

"China is no longer asleep," he said. "She is wide awake and fully able to care for her interests."

Exclusion Laws.

"A deep sentiment has been aroused among my countrymen by your exclusion laws. We see the immigrants put into your land from all countries by thousands everywhere."

"Not only is the law-abiding, industrious Chinaman desirous of making a living unable to come, in with these others, but our most refined and intelligent men cannot get

the mere passports for travel that they can readily get in any other country."

He paused for a minute and then added:

"China is now awake at last. She knows her own resources and her rights. There will be no more invasions of China, for she is ready to defend herself with cannon and with sword if necessary."

Money for Friar Lands.

Rome, Italy, May 1.—The plan devised by the Vatican for the division of the \$7,000,000 paid by the United States for the Friar lands in the Philippines has been accepted by the Dominicans and substantially agreed to by the other religious orders. The Vatican will retain the principal, a portion of the interest going to the Philippine dioceses and religious orders.

MINERS STRIKE

YESTERDAY'S TROUBLE AT MT. CARMEL FOLLOWED BY QUIET.

Operators Are Unsuccessful in Efforts to Work the Mines Because of Strikers.

Mount Carmel, Pa., May 1.—The state constabulary which engaged in a battle with foreign miners yesterday, is on guard at the Lehigh Valley company's mines. The city is quiet this morning. Forty troops and another company of constabulary arrived this morning and marched without interference to the Sayre colliery.

Efforts to Work Mines Prove Fruitless.

Philadelphia, Pa., May 1.—With the exception of a riot at Mt. Carmel where nearly a score of men were shot in a clash between details of state police and a mob of foreign mine workers, the beginning of the fifth week of suspension of work found the anthracite region quiet. At numerous places attempts were made to cut coal, but these efforts in most cases proved fruitless and comparatively little coal was sent to the surface. There were, however, quite a number of washeries in operation, but the quantity of coal taken from their culm banks was not large. Several large coal companies are making every effort to get some of their collieries in operation and mining officials express the belief that by the end of the week, a large number of men will have returned to work. The Reading company is making extensive preparations for a long strike.

Those who have not signed are Wm. Karpis & Co., Davis and Dunlap, Gus Lockwood, Jim House.

It is stated that 35 cents was offered to some to finish work, but they refused unless the entire line of contracts fall in. In several down town business houses where improvement work is an absolute necessity carpenters are working for the owners of the building, but as far as contractors are concerned there is "nothing doing."

A contractor stated this morning that from indications they would stick it out together, and the union carpenters are just as determined to hold out for what they want.

Carpenters and Contractors Are on Verge of Lockout.

Carpenter work on all buildings and improvements except in very few instances ceased this morning and the outlook is not very bright for a continuation of the work. The status of affairs is due to the action taken by the contractors and builders in refusing to sign the carpenters' scale.

The union carpenters ask for \$2.50 a day, or 35 cents an hour with the bonus, which is an increase of 25 per cent. Some of the carpenter contractors have signed, but the majority of the biggest firms have not. Among those who have signed are John Fitch, Andy Newman, Acree & Watts and George Ingram. Among

FRISCO FACING SERIOUS MATTER

Cut in Price of Labor May Lead to a Strike.

Need for All Kinds of Help, But This Fact Promises to Prove Troublesome.

HEARST WANTS MORE MONEY

San Francisco, May 1.—The most serious proposition which is about to confront the business men of San Francisco is the labor question. Business men and employers and contractors are objecting to the high scale of wages and it will not be surprising if they attempt to fix the prices of all classes of labor and employ men regardless of the union scale. If this is done with labor more in demand than ever a strike is liable to follow which will cause no end of trouble.

Schmitz Fears Famine.

San Francisco, May 1.—A feeling akin to consternation was created at the meeting of the general municipal committee yesterday when Mayor Schmitz stated that the city faced a shortage in the food supply. It had been the popular belief and that of many officials also, that San Francisco, through the generous aid of the nation, had been placed in a position above want for a long time to come and the mayor's declaration came in the nature of a painful surprise.

Mayor Schmitz informed the general committee that from information in his possession it appeared that 700 carloads of food and supplies of various description had been distributed since the morning of the earthquake on April 18, and the Southern Pacific, the Santa Fe and other transportation lines had information of only 108 cars on the way. "If," said the mayor, "this information is correct, and I have no reason to doubt it, we will soon be worse off than we were a week ago. If the information has gone abroad through the country that we are amply supplied, it is most unfortunate, for it is apparent that we are not."

Hearst Wants More Money.

Washington, May 1.—A resolution was presented to the house yesterday by Representative W. R. Hearst of New York appropriating \$2,500,000 additional for the California earthquake fire sufferers. The wording of the resolution is as follows:

"That the secretary of war be and is hereby authorized and directed to procure in the open market or otherwise additional supplies for the relief of the destitute persons and sufferers from the recent earthquake and fire in the state of California and to issue the same to such persons as are in needy circumstances as a result of the earthquake and fire, and in executing this resolution the secretary of war is directed, so far as is practicable to expend the sum hereby appropriated wholly within the state of California so that the people of that state shall have the whole benefit of the appropriation and greatest stimulus be given to the revival of business."

"Be it further resolved, That to enable the secretary of war to execute the provisions of this joint resolution in addition to the sums heretofore for this purpose appropriated the sum of \$2,500,000 to be expended under the direction of the secretary of war."

STEAMER GOES DOWN.

The Boat and Cargo and Five Crewmen Lost.

New Haven, Scotland, May 1.—A collision occurred in the channel this morning between the British steamer Blenheim and the bark Kate Thomas. The Blenheim sank immediately with her cargo valued at \$250,000. Eleven of her crew boarded the bark when the collision occurred and 12 others were picked up, but five are missing.

Another Day Set.

London, May 1.—The postponed marriage of Waldorf Astor and Miss Natalie Langhorne Shaw, of Virginia, is to take place May 15, according to announcement today. The wedding will be quiet and without any relatives and intimate friends.

TARIFF WILL BE THE ISSUE.

Democratic Congressional Committee Will Soon Begin Work.

Washington, D. C., May 1.—Work at Democratic congressional headquarters in this city will soon begin. In anticipation of the campaign this fall, it is announced that Representatives Eaton Bowers of Mississippi, and John W. Gaines of Tennessee, will be at headquarters with Secretary Edwards the greater part of the time. Chairman Griggs, of course, will be in charge, although much of the real work will be done under the supervision of Messrs. Gaines and Bowers.

The committee is already arranging to send out thousands of copies of the speeches delivered recently by Representative Rainey of Illinois on the watch trust as created by the protective tariff and by Mr. Williams on the injustice and short-sightedness of the entire system of protection. It will be a real tariff reform campaign, although latterly Democrats seem to prefer the tariff revision, which is believed to have originated with President Roosevelt. The congressional committee will also have headquarters in Chicago, with Representative James T. Lloyd of Missouri in charge.

WITTE MAY BE OUT

REPORT OF CZAR ACCEPTING RESIGNATION LACKS CONFIRMATION.

Premier Forced Czar to Decide Between Him and Durnovo and Was Dropped.

St. Petersburg, May 1.—While the Associated Press is unable absolutely to confirm the story that Emperor Nicholas has actually accepted Witte's resignation, it can be affirmed that Witte has again asked the emperor to choose between him and Interior Minister Durnovo. Rumors of Witte's retirement coupled with the report that the emperor would not appoint him president of the council of the empire have been current since Saturday, but they have been so frequently put in circulation of late they have attracted but little attention, especially in view of the fact Witte was believed to have definitely downed his rival, Durnovo.

It appears, however, Witte's enemies have been only shamming until the loan negotiations could be finished, and that with the consummation of the loan, the court intrigue for the overthrow of the premier and restoration of Durnovo to power would be resumed.

One of the chief points of Witte's strength during his long struggle for supremacy was the emperor's firm belief that no financial aid would be given Russia by foreign bankers if the premier retired. With the loan made Witte's enemies instantly set to work to convince Emperor Nicholas that his usefulness was ended and that he could be discarded like an old boot.

The Associated Press is in a position to state that Witte is utterly disgusted with the turn of events and especially with the possibility the emperor might not redeem his promise to dismiss Durnovo before the assembling of the national parliament, and that within a few days the premier offered the emperor the alternative of Durnovo or himself. According to the story, Emperor Nicholas is lending his ear to Witte's foes instead of permitting him to go out of public life, and he wants him to keep the presidency of the council of the empire, a position of dignity like the one he occupied when he was unopposed him in 1903, with full power.

The Retch, the organ of the constitutional democrats, will tomorrow publish the story of the acceptance of Witte's resignation, the editor of the paper claiming to have direct information that the emperor has released Witte.

Cleveland Takes Chairmanship.

Norfolk, Va., May 1.—The announcement is made that former President Grover Cleveland, has accepted the position of chairman of the board of advisors of the Jamestown exposition. The advisory board consists of one hundred persons within the United States prominent in their respective professions.

Another Volcano Is Active.

Messina, May 1.—The volcano of Stromboli, after a period of quiet, is resuming activity and is emitting smoke and ash material.

STOP DEBATE ON MAY THIRD

Week Later Vote May be Taken on Rate Bill.

A Big Convention of Cotton Men Being Held in Washington Today.

TWO SUICIDES IN ILLINOIS

Washington, May 1.—The senate will begin voting on the amendments to the railway rate bill on Friday, May 4. An agreement to that effect was reached yesterday, but it proved impossible to so extend the understanding as to have it include the fixing of a date for taking a final vote on the bill as a whole.

Cotton Dealer.

Washington, May 1.—A meeting of vast importance to the cotton planters and the spinners of this country will be held at the New Willard hotel, this city, today. It will be the first meeting of a national convention of cotton planters and spinners, and its personnel will embrace members of the cotton growers and weavers from all sections of the cotton states and cloth manufacturers of the United States.

Had Clearly Suicided.

Built, Ill., May 1.—The decomposed body of W. W. Sommers, cashier of the International bank, missing since April 12, was found in the cellar of a next door neighbor today, with a bullet hole in his head and a revolver lying at his feet. The International bank was short \$1,800.

Old Physician Takes Own Life.

Waukegan, Ill., May 1.—Dr. Riley, one of the oldest practitioners in Lake county, committed suicide today by taking morphine, outwitting the efforts of three physicians who thought they had saved him. Poor health was the only reason known for the deed.

President Wants Names.

Washington, May 1.—President Roosevelt has called the war and navy departments to report the names of officers and enlisted men of marine corps and army who displayed special gallantry in checking the San Francisco fire by use of dynamite, this with a view to their reward and commendation.

Old Feud Renewed.

Bowling Green, Ky., May 1.—The Hargis-Cockrell feud has been renewed at Jackson. Saturday night a fusillade of bullets was fired at Beach Hargis. The windows of the house in which he took refuge were riddled. Hargis armed himself to go on the war path, but friends told him enemies were in waiting.

Named His Assistant.

Henderson, Ky., May 1.—H. G. Jorris, formerly of Henderson, but later of Bowling Green, has been appointed assistant postmaster by Postmaster Overby, of this place.

PROBABLY A CASUALTY.

War Department Inaugurates Inquiry to Settle Matter.

Washington, May 1.—The war department will make a thorough investigation of the report that soldiers of the regular army have been detailed to accompany Rev. Father Sherman on a trip from Chattanooga to the sea over the route of Gen. Sherman during the war of the states. A telegram was sent this morning by the chief of staff to General Duval, commanding the department of the Gulf of Atlanta, inquiring whether he had provided such an escort and if so for what purpose and by whom authorized. It is officially denied at the war department that any commission has been given Father Sherman to collect data for department along the route of Sherman's famous march.

WILL MEET TONIGHT

CALL OUT FOR JOINT MEETING OF THE COUNCIL BOARDS.

Believed the Plain Clothes Men Will Be Reinstated Upon the Police Force.

Mayor D. A. Foster will tonight call the two boards together as a committee of the whole to act on the matter of reinstating the two detectives of the police force. This action is the result of the reelection of a majority of the municipal board members, it is said.

Alderman Miller thinks the officers should not have been abolished, and says he has sounded a majority of the board members and finds the board inclined to reinstate them. The boards will first have to pass an ordinance before the officers can be recreated, and the fire and police commissioners will have to order the men put to work.

Chief Collins stated this morning that he looked to the commissioners and presumed when the officers were recreated, if this was brought about, he would receive notification from the commissioners.

At Alfonso's Wedding.

Washington, May 1.—Lieut. Leigh C. Palmer, attached to the battleship Missouri, has been selected to represent the navy at the nuptials of King Alfonso at Madrid in June next. Lieut. U. S. Grant, of the 11th Army Corps of Engineers, had been previously selected to represent the United States army at the same occasion.

Paducah Sends Over Two Thousand Dollars to San Francisco Sufferers.

The total of the fund raised by The Sun and the Commercial club for the benefit of the San Francisco sufferers amounts to \$1,024. This has been dispatched to James D. Phelan, chairman of the relief committee at San Francisco. The city sent \$500, which with the above amount makes \$1,524 Paducah sent to the stricken city. To this must be added upwards of \$500 sent by the secret orders of the city to their respective brethren. Donations are still being received every day and will be sent to the proper authorities by The Sun this day of receipt.

The following donations were received today:

Theatrical Notes

The Metropolitans come to the Kentucky theater Thursday night and present two burlesques by a selected cast of talent.

The performance opens with West Point Cadets, introducing a party of pretty girls and abounds with funny characters. This is followed by a vaudeville bill of seven headline acts.

A rare dramatic treat is promised the theatergoers of this city, when Miss Viola Allen presents Clyde Fitch's play, "The Toast of the Town," at the Kentucky Tuesday, May 8. Miss Allen is said to have given this play greater attention than any drama he has turned out in recent years, and with resultant success. Miss Allen's judgment in the selection of plays has been phenomenal, and so "The Toast of the Town" may be counted on as being something out of the usual run of things theatrical.

THE INDIANS BEING DIETED

With Just a Proper Portion of
Field Practice.

Worked Out Both Morning and Afternoon but Not Overworked Either.

LINE UP FOR INITIAL GAME.

"Chief" Lloyd is giving his Indians a diet of practice and the Indians are showing up in great form. Every morning and afternoon light work is indulged in, and every particle of soreness has gotten out of the players. They will be in excellent trim for the opening game, barring any accidents which may happen in the meantime.

McClain can now use his left hand without pain. The swelling has about gone down and the little finger is ready for the fray.

Chief Lloyd has stated that he will probably send Weldon South to pitch the first game. South is in excellent condition, and has got a great deal more steam this year than he had last. He seems to have perfect control, too, and South bids fair to be the Indians' star twirler.

The team will line up as follows for the initial game:
McClain, I.; Taylor, cf.; Miller, rf.; Wetzel, 3b.; Haas, 1b.; Gilligan, 2b.; Perry, ss.; Chenault or Nippert, c.; South or Tadlock, p.

Lloyd has said nothing about the opening day, but it is presumed some kind of demonstration will be made. There will be the usual parade with possibly a band, and the Indians will probably be followed to the park by one of the largest crowds of the season, the weather permitting.

"Red" Gilligan Dead.

Press dispatches announce the death of Thomas P. Gilligan, known the baseball world over as "Red" Gilligan, at his home in Wheeling, W. Va. Gilligan played with Paducah in 1914 and was with Hopkinsville in 1905. He was at one time in the Southern league and one of the fastest outfielders in the country. He played the infield in the Kitty league but had retrograded in activity. His head work was such that turned defeats into victory at the last moment, and his work was appreciated in Paducah. His friends here will receive the news with much regret.

Platt in Good.

Platt is still doing his good, consistent work. At Toledo Sunday he pitched his team, the Toledo, to a 12 to 1 victory over Minneapolis. Toledo won by good work with the stick, while Platt, so the dispatches say, was a puzzle to the Minneapolis team.

Dyer Wakes Up.

Here is what Wallace Dyer, in the Evansville Courier, says about the Evansville bunch of Irish-Germans. He seems to have become convinced that it is not the "drunken empire" stall that is really accountable for the losing streak of the home team: "Evansville fans are not satisfied. If Jimmy Ryan could hear the disheartened ones when they get together and say things these evenings he would put a pitcher in left field, hike for the parts of the country, where ball players grow on trees and knock a few from the limbs of aforesaid trees."

A Colored Team.

The "Sterlings" and "Walkovers," colored teams, played Sunday at Eighth and Burnett streets, and the latter team was victorious. The score was 14 to 3. Batteries: Walkover, Ben Boyd, Charlie Barnes;

Surgeons themselves consider a permanent cure of piles by a surgical operation as very doubtful and resort to it only when the patient has become desperate from long continued pain and agony. But the operation itself is every bit as excruciating and nerve-racking as the disease. Besides, it is humiliating and expensive, and rarely a success. The wonderful Pyramid Pile Cure makes an operation unnecessary. You cure yourself with perfect ease, in your own home, and for little expense.

Pyramid Pile Cure gives you instant relief. It immediately heals all sores and ulcers, reduces congestion and inflammation and takes away all pain, itching and irritation. Just a little of the treatment is usually sufficient to give a permanent cure. Pyramid Pile Cure is prepared in the form of suppositories so that they can be applied directly to the parts without inconvenience or interrupting your work in any way.

We are sending a trial treatment free of charge, to every one who sends name and address. We do this to prove what we say about this wonderful remedy is true.

After you have tried the sample treatment, and you are satisfied, you can get a full regular-sized treatment of Pyramid Pile Cure at your druggist's for 50 cents. If he hasn't it, send us the money and we will send you the treatment at once, by mail, in plain sealed package.

Send your name and address at once for a trial of this marvelous quick, sure cure. Address Pyramid Drug Co., 4617 Pyramid Building, Marshall, Michigan.

Nippert's Wing.

Catcher Ben Nippert, Paducah's new acquisition, has a "wing" equal to any catcher's in the Kitty league. It is said. Yesterday Nippert went out to "get in line" on the infield. He threw the bases with ease showing that his arm is as young as ten years ago. With the acquisition of "Nip" the fans feel confident that the Indians' strength is more than 10 per cent greater than last year, even with the absence of Band and Platt.

ALLEGED SABBATH BREAKERS.

Warrant Taken Out Today Against
Carnival Association.

H. L. McCarty and J. M. Gentrey, residents near Twelfth and Trimble streets, the site of the carnival grounds, swore out warrants this afternoon in Justice Charles Emery's court against the officers of the Paducah Carnival Association and the contractors putting up the fence and main entrance; Wes Flowers one of the concession men; Paducah Transfer company, Ben Boyd and Fred P. Watts, the latter of the Cosmopolitan Carnival company, for violating the Sabbath by working on the fence and setting up carnival shows Sunday.

The case has been set for trial for Friday morning at 10 o'clock. It is understood the residents objected to the carnival company putting its shows on the ground on Sunday, alleging that it interfered with the quietude of the neighborhood.

PARK BOARD ORGANIZES

Dr. Murrell Chosen President,

O O O O O O O O O O O

The board of park commissioners met this morning at the city hall and after organizing and being sworn in by City Clerk Bailey elected the above as officers. The terms are for one year.

Dr. D. G. Murrell is the well known I. C. hospital. Mr. Walters is manager of The Sun job office.

The board aside from organizing transacted no business, but adjourned subject to the call of the president.

There are no funds available this year for the purchase of parks, or to enable the board to do any work to any degree, but the board will look over many sites already suggested for parks, perfect rules and laws governing the body, and have everything ready for next year, when it will have funds raised in the tax levy, which it is mandatory on the council to provide.

NEW ISLAND CREEK BRIDGE.

Proposition to Build for Crossing by
Car Line.

Last night the council bridge committee met with the representatives of the street railway company in the office of Engineer Washington. The committee formulated a proposition to be submitted to the board of public works at its meeting Wednesday afternoon. It is proposed to build a new bridge over Island creek and as the car company desires to cross it it was suggested that they assume part of the cost of construction.

The report that the committee will send in to the board of works is that the railroad company proposes to pay twenty-five per cent of the cost of construction. The committee requests the board of works to take up the matter and ascertain what a bridge will cost and if the work can be done this year.

City Engineer Washington says he doesn't see how the bridge can be built this year, as his department is now crowded to the limit with work, but Councilman Barnett, who is chairman of the council committee, says it would be a matter of economy to build it as once, that the present structure is much in need of repairs and this would be saved.

The people of Mechanicsburg are very anxious to have the bridge erected this year, as they are desirous of getting the cars extended to that part of the city as soon as possible.

The board of works will take up the report to the council at the regular meeting tomorrow.

To Bid on Plant.

Mr. Al Foreman, of the Foreman Bros' Novelty company is in Madisonville, Ky., where he will tonight place a bid for his company to install a city electric light plant there. The specifications call for a plant not to exceed \$15,000, and it is said the Paducah firm "got in on the ground floor," and is prepared to make a rock bottom bid.

If some of our dreams came true life would be a nightmare, truly.

IN NATURE'S LABORATORY.

Buried deep in our American forests, many years ago, Dr. Pierce found a beautiful, blooming plant the root of which possesses wonderfully efficacious properties as a stomach and general tonic, also as an alterative, blood purifier and liver invigorator. Having an especial affinity for all ailments upon which it exerts a most salutary, soothing and healing influence.

This sturdy little plant is known to botanists as Hydrastis Canadensis, but has several local English names, being generally known as Golden Seal. Dr. Pierce found the root of this common forest plant to possess medicinal principles of great potency, especially when combined, in just the right proportions, with Queen's root, Black Cherrybark, Stone root, Mandrake root and Blood-root, the properties of each being extracted and preserved in chemically pure glycerine of proper strength. This compound Dr. Pierce named his "Golden Medical Discovery," in honor of the sturdy little Golden Seal plant. So little used was the root of this plant by the medical profession at that time, that it could be purchased in the open market for from fifteen cents to twenty cents a pound. The use of many tons of this root every year in Dr. Pierce's two leading medicines—for it enters into both "Golden Medical Discovery" and also into Dr. Pierce's Favorite Prescription as one of their most important ingredients—has caused the price of the root to advance until to-day it commands upwards of a dollar and a half a pound.

DR. PIERCE'S FAITH.

Dr. Pierce believes that in our native forests are to be found an abundance of most valuable medicinal plants for the cure of many distressing and most fatal maladies, if we would only seek them out, test them and learn how and for what diseases to use them. Furthermore, he believes that the vegetable kingdom is the one to resort to for the most harmless remedial agents. They act most kindly upon the human system and are eliminated or carried out of the body by the natural functions without injury, even in cases where it is necessary to make protracted use of them in order to experience permanent cures. Dr. Pierce's medicines being purely vegetable, are perfectly harmless. In other words, while they are potent to cure, being purely vegetable in composition and containing no alcohol, they leave no bad effects behind. This is not generally true when mineral medicines and those containing large percentages of alcohol are taken into the system and their use protracted over considerable periods of time.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses intrinsic medicinal properties of its own, being demulcent, nutritive, antiseptic and a most efficient anti-ferment.

THEY STAND ALONE.

The fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, nerv-

ous, over-worked and broken down women contains any alcohol, entitles them to a place all by themselves. They are neither patent medicines nor secret ones either, for every bottle of Dr. Pierce's world-famous medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This is why so many unprejudiced physicians now prescribe them and recommend them to their patients when they seek not think of advising the use of a secret nostrum. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities of all schools of practice.

ALL RIGHTS PROTECTED.

The exact working formula for making Dr. Pierce's medicines without the use of a drop of alcohol and preserving them unimpaired in any climate for any length of time, cost Dr. Pierce and his assistant chemists and pharmacists a tedious course of study and experiment, extending over several years. With the use of chemically pure glycerine, of just the right strength, and with laboratory apparatus and appliances specially invented and designed to carry on the delicate processes employed, Dr. Pierce finally found that all the medicinal principles residing in the selected native medicinal roots could be more perfectly extracted and better preserved from fermentation than if alcohol was employed.

Besides the glycerine, of itself, possesses the property of greatly enhancing the efficacy of the several medicinal agents employed; whereas alcohol is well known to be objectionable in any medicine to be employed in chronic or lingering diseases, where, at best, treatment must be continued over a considerable period of time in order to make the cure complete and permanent. The exact proportion of the several ingredients used in these medicines as well as the working formula and peculiar process, apparatus and appliances employed in their manufacture, are withheld from publicity that Dr. Pierce's proprietary rights may not be infringed and trespassing upon by unprincipled imitators and those who may be pitifully inclined.

In favor of Dr. Pierce's medicine is the frank, confiding, open, and statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the good sense of the afflicted will lead them to appreciate this honorable avowal of confiding to them what they are taking into their stomachs when making use of these medicines.

A little book of extracts from many standard medical works of all the different schools of practice, indorsing, in the strongest terms, all the several ingredients entering into Dr. Pierce's medicines and telling what diseases these most valuable medicinal agents will cure, will be mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., on receipt of request for same by letter or postal card.

Dr. Pierce's Pleasant Pellets are largely composed of Podophyllin, the concentrated extract of Mandrake root, and they regulate and invigorate stomach, liver and bowels.

Only Some Obeyed Orders.
Two members of the board of health made a tour of inspection over the city yesterday and were gratified to find that many people had adopted the suggestion of cleaning up all matter that might be detrimental to the health conditions of the city. Still they noticed many yards and places that should be attended to if the parties occupying same desire to avoid having notices served upon them to clean up.

BIG POLITICIANS AND FINANCIERS DIFFER ON SCANDALS.

The Insurance Investigation in New York Causing Conflict Among Old Associates.

New York, May 1.—The April grand jury submitted a presentment to Recorder Goff covering its action on the insurance situation. Prominent figures in the political and financial world are mentioned in the jury's discussion of insurance problems, including Cornelius N. Bliss, treasurer of the Republican national campaign committee; Postmaster General Cortelyou and George W. Perkins, of the firm of J. P. Morgan & Co. The jury also refers to what it calls "the conflict between the Morgan and Harriman forces in the financial world." Recorder Goff accepted the presentment and the jury was discharged.

Appended to the presentment is an extract from the minutes of the grand jury giving a colloquy between members of the jury and District Attorney Jerome after Mr. Jerome had been called to present to it all evidence of any criminality pertaining to any insurance company.

Mr. Jerome's remarks referred to Mr. Bliss and Mr. Perkins, and to a conflict between Messrs. Morgan and Harriman.

Mr. Jerome is quoted as having said that if the contentions of some held true this grand jury would be obliged to indict the leading officers of every prominent financial corporation in the city and state of New York. He said that he had taken advice on this subject from Gov. Folk, of Missouri, and Deneen, of Illinois.

The grand jury in its presentment reported that, after hearing the statement by Mr. Jerome, already quoted, it decided not to enter upon an exhaustive investigation of insurance matters, but to let them go over to a special grand jury this month.

A six-months-old baby, lost for three days, was restored to its mother at the ferry. The mother, frantic with fear and grief, ran from one relief station to another and at every station her cry was the same: "Find my baby?" She described it minutely, and a big, red-faced, red-haired Irish teamster set himself the task of finding the baby somewhere among the 300,000 refugees scattered over the peninsula.

Just as the mother was about to give up, the big Irishman met her on her eternal rounds of the relief stations. "Come wid me," he growled, as he limped up to her and grasped her by the arm. "Have you found him? Oh, have you done it?" cried the poor mother. "Come wid me" was all the red-headed son of Anak would reply, and something, maybe the mother instinct, made her turn and follow.

Back through the gloom of the ferry building they went and in a corner, behind a huge wagon out of use, wrapped in an old coat, lay the baby, wan and weeping, it is true, but safe and sound and hungry.

The mother sank on her knees beside it, the tears and smiles of happiness on her face, and as the infant snuggled his little head to the founts he had missed so long, the Irishman, happy shifting, tearful and wearied to death, crawled into the empty wagon, took the seat cushion for a pillow and stretched himself to sleep.

THE SCHOOL TRUSTEES.

Regular Meeting to Be Held This Evening.

The board of education will meet tonight in regular session to transact business principally of a routine nature.

Reports from committees will be heard and some action will likely be taken towards condemning a model bay window on the E. H. Kelley residence adjoining the Washington school property. The window is on school property and has been ordered removed. It is thought that condemnation proceedings will be inaugurated tonight if the owner does not take immediate action towards tearing the window away.

In Supt. Lieb's report he will show two teachers tardy last month. They will probably be fined, the board having decided on fining teachers for tardiness at the last meeting.

Latham Is Out.

Edward Latham, the telephone man who was cut accidentally several nights ago in the Fannie Wilson resort on West Kentucky avenue, has been discharged from Riverside hospital. He is able to return to work.

S. W. K. MEDICAL ASSOCIATION MEET

Thirty-Fifth Annual Session Here Next Week.

The Committee of Arrangements Has Prepared an Attractive Program for Today.

TWO DAYS TO BE TAKEN UP.

CUT AND SHOT

NEGRO BELLIGERENTS USE KNIFE AND GUN RECKLESSLY.

Roasters on Fowler Use Each Other Up in a Serious Way.

Frank Bowman, alias "Frog Face," and William Stockard, alias "Oklahoma," colored roasters on the steam er Dick Fowler, are under arrest pending an investigation for shooting and cutting. The two engaged in a fight in which pistols and knives figured prominently, and one was seriously injured.

Witnesses state that the two got into a dispute yesterday afternoon on the boat and renewed it after the craft landed here on her return trip from Cairo last night. "Frog Face" is alleged to have secured a big pistol and wanted to shoot. His opponent is said to be a jolly kind of negro and not of an aggressive nature. When he saw "Frog" coming at him with his hand on the butt of the pistol, "Oklahoma" pulled a knife suddenly and cut "Frog" down the face.

The blade entered on the forehead and split the face in two. "Frog" pulled his gun and began to fire, and was successful in striking "Oklahoma" in the foot, one toe being cut off by the bullet.

Both were arrested immediately after the shooting.

GET THEE TO AN AUTO.

The prediction that mosquitoes will be scarce the coming summer is made by an automobile enthusiast, says the Philadelphia Record. "Automobiles are everywhere now," says this theorist, "and many of them are run by gasoline. That is what is discouraging the mosquitoes. The odor of either the fluid or its vapor is very penetrating. Long after the human being has ceased to smell it it lingers in the atmosphere and affects the breathing apparatus of the dreaded insect."

"As for the man who sits in the car and whose clothing becomes more or less impregnated with the odor, he is absolutely immune from mosquitoes. The only time I was bitten by a mosquito last year was once at Bay Head, N. J. My machine had broken down, and I had to walk five miles in a high wind. I took a bath when I reached Bay Head, and the gasoline smell was so completely dissipated that before I could get my clothes on, a mosquito nipped me."

A VAUDEVILLE THEATER

To Be Opened in the Campbell Building on Broadway.

Paducah is to have a vaudeville playhouse and plans for starting the theater have already started. Leon Loeb, formerly of Alton, Ill., but now of Paducah, has subleased the building now occupied by the Unique cafe, Hawkins Bros. proprietors, in the Campbell building, and as soon as the cafe can be moved out into new quarters, the new lessee will take charge and begin remodeling the interior.

It is Mr. Loeb's intention, it is said, of giving Paducah an up-to-date vaudeville show this summer. He also intends to try the venture during the winter. He is said to have experience in this line. His lease does not expire until March.

Exposure.
To cold draughts of air, to keen and cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds.

Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Tex., writes, January 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take."

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Comments by a Young Lady in Boston and One in Nashville, Tenn.

All women work, some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, ulceration, falling and displacements, or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser, of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:— "I suffered miserably for several years with female irregularities. My back ached; I had bearing-down pains, and frequent headaches; I was unable to do my work, and I no longer fear my monthly periods."

People and Pleasant Events

Reception to Miss Harris.

The Matinee Musical club will give a reception on Saturday evening after the Walter Damosch concert in especial compliment to Miss Zudie Harris of Louisville, who is with the New York Symphony orchestra as piano soloist. Miss Harris made so delightful an impression when here in March with Blapham, both socially and as an artist, that the club, under whose auspices she came then, wish to show her some social attention on this occasion; and, also, to Mr. Damosch and his orchestra.

The reception will be given in the parlors of the Eagle club house on Broadway, the home of the Matinee Musical club, and each active and associate member will be permitted to invite one guest. All the members will co-operate to make it in every way a charming affair.

Married Last Evening.

Miss Daisy Lehrer and Mr. W. P. Gardner were married last evening at the home of the bride, 730 Kentucky avenue, by Rev. Peter Fields, of the Third street Methodist church. It was a quiet wedding with only a few friends present. Miss Lehrer, sister of the bride, and Mr. Walter Reams were the attendants.

The bride is a daughter of Mr. John Lehrer and the groom is connected with the National Life and Accident company. They will reside at the Shelton House on North Sixth street.

Married Last Night.

Mr. Robert L. Payton, an attaché of the Sam B. Gott restaurant, and Miss Mayma Holland, of 412 Kentucky avenue, were married in the Third street Methodist church last evening at 6 o'clock by Justice Thomas Liggett. The couple went down on the afternoon boat and returned at 9 o'clock on the Dick Fowler. They will reside at the groom's home, 409 Kentucky avenue. The bride was formerly cashier at the Whitehead restaurant, where Mr. Payton met her. They are well known and popular young people.

Country Store At Carnival.

The Country Store at the carnival grounds is in charge of the Paducah U. D. C. and the proceeds of the sales are for the local Confederate monument. It is proving a very popular feature of the carnival and is being liberally patronized.

Mrs. Horace Cleugh is chairman of the committee serving at the store today. Mrs. Bertie Campbell was the Monday chairman.

Paducahan Married in Mayfield.

Mr. Carlton Powers, of this city, and Miss Lottie Wright, of Mayfield, were married Sunday at the bride's home.

The groom is a popular young man of Mechanicsburg, the son of Mr. John Powers. The bride is an attractive young lady of Mayfield. They will live here.

Dr. Herman Boswell, Attorney Pete Seay and Messrs. John James, Milton Jones, H. C. Albritton and Hensley Allison, of Mayfield, are in the city.

Mr. H. L. Bryant left this morning for Paducah, Ky., to accompany Mrs. Bryant to Jackson. They expect to arrive the latter part of the week.

Mr. Given Fowler made the trip to Cairo this morning as captain of the Dick Fowler.

Captain John Webb went to Henderson this morning on business.

Mrs. D. A. Amoss, of Cobb, Ky., is visiting Mrs. John R. Roberts.

Edward Newell, son of Rev. Thos. J. Newell, will leave for Birmingham tomorrow to be a page in the general conference of the Methodist church, which meets in that city this week. He will accompany Mr. B. H. Scott.

Mr. L. B. Whitesides, of New York City, and Mr. J. T. Whitesides, of Cincinnati, are registered at the Palmer. They are here in the interest of the proposed interurban electric railway to be built between here and Geo. Co.

Mrs. James P. Smith, who has been very ill for some days past at her home on Washington street, is better her host of friends will learn with pleasure. Mrs. James A. Rose, of Springfield, Ill., who has been with her daughter, left for home today.

Mrs. J. K. Hendrick is in the city again today. She is arranging to move from Smithland here and live at 809 Broadway. It will probably be next week before Mr. and Mrs. Hendrick will be moved.

Mr. Charles Truheart, of Louisville, the well known life insurance man, is in the city on business.

Alderman C. H. Chamblin, who has been in Duquoin, Ill., has returned to the city.

Mr. Will Haffey, formerly a member of the city fire department, is visiting in the city. He is now of Memphis, Tenn.

Mr. W. N. Robin, of Chicago, the former Paducah queensware merchant, spent Sunday in the city. He left yesterday for Tennessee to visit relatives and will return the last of the week.

Mrs. F. M. Murray, who has been quite ill for a couple of weeks, and yesterday regarded as in a precarious condition is better today as her many friends will be pleased to know. However her age and feebleness make her illness very uncertain.

Attorneys W. J. Webb and J. C. Speight, of Mayfield, are in the city today on legal business.

Mr. Dave Reeves, of Benton, is in the city.

ARRESTED AS SUSPECT.

Red Pierce, Colored, Charged With Robbery At Princeton.

Special Agent Patrick L. Kirk, of the local I. C. south yards, is responsible for a good piece of work in the detection of "Red" Pierce, colored, who is in jail here charged with a breach of ordinance, carrying concealed weapons and grand larceny. There is confusion relative to the latter charge, the authorities being uncertain whether grand larceny or breaking into a caboose will be charged.

Last week a freight train in charge of Conductor Tommy Keegan was side-tracked at Princeton. Some one entered the caboose and took two suits of clothes, an overcoat and pistol. It developed to have been "Red" Pierce, the detective claims, and he has worked out a strong case against the negro.

Pierce was held here for jumping on and off trains and fined in addition for carrying the pistol.

He not only entered the caboose and stole the clothes and pistol, it is claimed, but went farther and stole a ride to the city on a freight train. He will be taken back to Princeton for trial for the felony charge.

The Carnival.

The carnival opened last night with a very fair attendance for the first night.

All the shows were ready for business, and the day acts were given. The shows will be open every afternoon and night this week.

Will Answer This Week.

Rev. Calvin Thompson, of Denver, Col., called to the First Baptist church here, will give the congregation a definite answer this week. He cannot come before the 20th of this month, however, should he accept

A TALE OF THE THIRD GENERATION

By HARRY LEON WILSON

Copyright, by Lothrop Publishing Company

When he reached the Hightower that night for dinner, he found Percival downstairs in great glee over what he conceived to be a funny situation.

"Don't ask me, Uncle Peter. I couldn't get it straight; but as near as I could make out, Mauburn came up here afraid the blow of losing him was going to kill him with a broken heart, and his was afraid the blow was going to kill Mauburn, because she wouldn't have married him anyway, rich or poor, after he'd lost the title. They found each other out, some way, and then Mauburn accused her of being heartless, of caring only for his title, and she accused him of caring only for her money, and he insisted she ought to marry him anyway, but she wouldn't have it because of the twins."

Uncle Peter rubbed his big brown hands with the first signs of cheerfulness he had permitted Percival to detect in him.

"Good fur Pish—that's the way to take down them conceited Britishers—" "But then they went at it, matters again from a new standpoint, and the result is they've made it up."

"What? Has them precious twin Casselthorpes perished?"

"Not at all, both doing finely—haven't even had colds—growing fast, probably learned to say 'fancy, now,' by this time. But Mauburn's going west with us if we'll take him."

"Get out!"

"That's right, go ahead and snum. I'd snum myself if I knew how—it knocked me. Better come upstairs and congratulate the happy couple."

"Shoo, now! I certainly am mighty disappointed in that fellow. Still, he is well spotted, and them freckles mean iron in the blood. Maybe we can develop him along with the other properties."

"They found Psyche already radiant, though showing about her eyes traces of the storm's devastations. Mauburn was looking happy; also defiant and stubborn."

"Mr. Bines," he said to Uncle Peter, "I hope you'll side with me. I know something about horses, and I've nearly a thousand pounds that I'll be glad to put in with you out there if you can make a place for me."

The old man looked him over quizzically. Psyche put her arm through Mauburn's.

"I'd have to marry some one, you know, Uncle Peter!"

"Don't apologize, Pish. There's room for men that can work out there, Mr. Mauburn, but there ain't any victors or winners to speak of, and the house is long."

"Try me, Mr. Bines!"

"Well, come on. If you can't skin yourself you can hold a leg while somebody else skins. But you ain't met my expectations, I'll say that!" And he shook hands cordially with the Englishman.

"I say, you know," said Mauburn later to Psyche, "why should I skin myself? Why should I be skinned at all, you know?"

"You shouldn't," she reassured him. "That's only Uncle Peter's way of saying you can help the others, even if you can't do much yourself at first. And won't Mrs. Dremler be delighted to know it's all settled?"

"Well," said Uncle Peter to Percival later in the evening, "Pish has done better than you have here. It's a pity you didn't pick out some good, sensible girl, and marry her in the midst of your other doings."

"I couldn't find one that liked cats, but I always said to myself: 'Remember Uncle Peter's warning!' so I'd go to an animal store and get a basket of kittens and take them around, and not one of the dozen stood your test. Of course I'd never disregard your advice."

"Hum," remarked Uncle Peter, in a tone to be noticed for its extreme dryness. "Too bad, though—you certainly need a wife to take the conceit out of you."

"I lost that in the street, along with the rest."

"Well, son, I ain't no ways alarmed but what you'll soon be on your feet again in that respect—say by next Tuesday or Wednesday. I wish the money was comin' back as easy."

"Well, there are girls in Montana City."

"You could do worse. That reminds me—I happened to meet Shepherd today and he got kind of confidential in talkin' over matters. He said he'd never really felt sure about the affections of a certain young woman, especially after that night at the Oldakers—he'd never felt dead sure of her until you went broke. He said you never

could know anything about a woman—not really."

"He knows something about that one, all right. If he knows she wouldn't have any use for me now. Shepherd's coming on with the ladies. I feel quite hopeful about him."

CHAPTER XXVII

THE DEPARTURE OF UNCLE PETER. The binges, with the exception of Psyche, were at breakfast a week later. Miss Bines had been missing since the day that Mr. and Mrs. Cecil G. H. Mauburn had left for Montana City to put the Bines home in order.

Uncle Peter and Mrs. Bines had now determined to go, leaving Percival to follow when he had closed his business affairs.

"It's like starting west again to make our fortune," said Uncle Peter. He had suffered himself to regain something of his old cheerfulness of manner.

"I wish you two would wait until they can get the car here, and go back with me," said Percival. "We can go back in style even if we didn't save much more than a get-away stake."

But his persuasions were unavailing. "I can't stand it another day," said Mrs. Bines, "and those letters keep coming in from poor suffering people that haven't heard the news."

"I'm too restless to stay," declared Uncle Peter. "I declare, with spring all greenin' up this way I'd be found campin' up in Central park some night and took off to the calaboose. I just got to get out again where you can feel the wind blow and see a hundred miles and don't have to dodge horseless horse cars every minute. It's a wonder one of 'em ain't got me in this town. You come on in the car, and do the style for the family. One of them common Pullmans is good enough for Marthy and me. And besides, I got to get Billy Brue back. He's goin' plumb daft lookin' night and day fur that man that got his \$30 and his breast-plate. He says there'll be an ambulance backed up at the spot where he meets him—makes no difference if it's right on Fifth avenue. Billy's kind of near-sighted at that, so I'm mortal afraid he'll make a mistake one of these nights and take some honest man's money and trinkets away from him."

Percival saw them to the train.

"Take care of yourself," said Uncle Peter at parting. "You know I ain't any good any more, and you got a whole family, includin' an Englishman, dependin' on you—we'll throw him on the town, though, if he don't take out his first papers the minute I get there."

His last shot from the rear platform was:

"Change your name back to 'Peter' son, when you get west of Chicago. 'Tain't anything fancy, but it's a crackin' good business name for a hustler!"

"All right, Uncle Peter—and I hope I'll have a grandson that thinks as much of it as I do of yours."

When they had gone, he went back to the work of final adjustment. He had the help of Copen, whom had sent for. With him he was for a week. By lucky sales of some of the securities that had been hypothecated they managed to save a little; out, on the whole, it was what Percival described it, "a lovely autopsy."

(To be Continued.)

"Mamma," queried 3-year-old Mabel, with a puzzled air, "when you turn out the gas, where does the blaze go?"

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

COUNTY COMMENCEMENT.

It Will Be Held in June At the Lone Oak College.

The regular county commencement will be held some time in June, probably just after the city school commencements, at Lone Oak, in the county.

County School Supt. J. M. Billington has issued a call for examinations for county school graduates for the second Friday and Saturday of May, one class to be examined at Paducah at the court house and another somewhere else in the county, probably at Grahamville.

Six graduates have successfully passed already and about eight new applicants will be examined. It is thought there will be about 12 or 14 in this year's county graduating class. It will be arranged for the entertainment after the May examinations, the result being necessary before anything can be definitely arranged.

WERE NO ROBBERIES.

Friends Had Only "Lifted" the Watches As Precaution.

Officers on the excursion steamer "J. S." claim that no real robberies were committed on the boat Sunday when the Central Labor Union carnival committee gave an excursion to Cairo.

There were from five to eight watches reported missing, but officers of the boat investigated and claim to have learned the time pieces were taken by friends of the owners. The owners were, it is said, drunk, and their friends took charge of what valuable property they had to prevent their getting "touched" for it.

Several watches reported lost or stolen have been returned to the rightful owners.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1.00.

SCHOOL CENSUS

WORK OF THE TAKERS IS FINALLY COMPLETED.

Will Be Reported Tonight at Regular Meeting of the Board of Education.

The city school census was completed yesterday and the report will be submitted to the school board at its regular meeting tonight. It shows only a comparatively small increase over the whole city. In the First and Second wards there is an increase of 40, while in the Third and Fourth wards there is a decrease of 52. The final report on the Fifth and Sixth wards shows approximately a gain of 150, making the increase for the whole city 138. The census was taken by Messrs. Henry Nunn and R. H. McGuire in the first four wards and by Mr. James H. Wilcox in the Fifth and Sixth wards.

Total number of school children in city is 6,246. Detail report follows:

Grand total 1,748.

DOG CATCHING WORK.

Seems to Have Ceased From Lack of Catchers.

The dog catching industry has stopped work since the dog pound was removed or hidden in some way of its canine occupants.

Licenses Inspector George Lehnard is busy and cannot be out with the wagon all day and Chief Collins says that the work cannot be successfully carried out except by constant application. Rather than work under the unsatisfactory arrangements he has suspended the work until something further can be done by the municipal board.

City Jailor Tom Everts declines anything to do with the matter of taking up the dogs. He states that the wagon is furnished by George Seitz, a nephew, who is working for the city street department, and that Seitz receives 25 cents for each dog taken up in the wagon.

Davis Island Dam	26.5	0.9	fall
St. Louis	21.0	0.2	fall
Mt. Vernon	13.1	0.7	fall
Paducah	16.9	0.9	fall

This morning the gauge registered
16.8, a fall of .9 in the last 24 hours.

Weather warm and cloudy.

The Dick Fowler got away a few
minutes late at 8:10 with good busi-
ness in freight shipments. Captain
Orider, who has commanded this boat
for some years, and who is univers-
ally liked among river men, resigned
to accept a position with the Falls
City packet as captain. His suc-
cessor has not been appointed yet.

The Clyde arrived last night at 8
p. m. and after unloading a large
shipment of peanuts and other
freight, went on to Joppla to deliver
freight. She will get out tomorrow
at 5 p. m. for the Tennessee river.

The J. S. will leave at noon today
for Nashville getting to that city next
week, as it will stop for excursion
parties at Eddyville, Clarksville and
other points.

The Butteroff left last night for
Clarksville returning here tomorrow
when it leaves for Nashville.

The John S. Hopkins will get in
today at 11 o'clock leaving at 2 p.
m. on her return trip to Evansville.

The Royal is the regular boat for
Golconda leaving daily at 2 p. m.

Effects of the heavy rain up the
Monongahela valley have prac-
tically passed so far as supplying a
coal stage in the Ohio, and yesterday
morning the Coal City, starting with
a small and hurriedly-gathered tow
of coal, made its way South. The
river fell steadily all day, and last
evening, at Davis Island Dam, regis-
tered 8.1 feet, and falling with
steady regularity. The rivermen do
not look for any immediate change in
the conditions here. Pool boats are,
however, busy bringing loaded boats
and barges from the mines to the bar-
bor, and during yesterday kept the

barbormen busy lining them up into
form for movement. Packets are
expected to operate for a time yet as
there is still plenty of water for them.

A Knoxville, Tenn., dispatch says
sixteen survivors of the Sultana dis-
aster, responded to their names at
the roll call today on the fortieth an-
niversary of the disaster, which cost
the lives of over 1,500 federal sol-
diers during the civil war. A large
per cent of those killed were from
the immediate section here and sev-
eral survivors lived in this section.
Colonel Sam Pickens presided. Six
of the sixteen grizzled veterans re-
lated the story of their escape amid
tears. The address was made by
Captain William Rule.

River forecasts: The Ohio at Ev-
ansville, no material change during
the next 36 to 48 hours. From Mt.
Vernon to Cairo, will continue falling
during the next three or four days.
The Tennessee from Florence to the
mouth, not much change during the
next 36 hours. The Mississippi from
below St. Louis to Cairo, will con-
tinue falling during the next 36
hours.

MRS. JOHNSON'S FUNERAL.

Delay in Arrival of Body Defers Bur-
ial Until Tomorrow.

The body of Mrs. Elizabeth A.
Johnson, who died suddenly in St.
Louis Sunday night, will not reach
Paducah until tomorrow morning, af-
ter delay being due to complications
arising in the issue of a death certifi-
cate in St. Louis.

Mrs. Johnson's death was sudden,
and necessitated an investigation by the
coroner. The result was "death from
blood clot on the brain." Mrs. Johnson
had been ill of la grippe several
weeks ago but had recovered and
was up and about the house. She
was suddenly stricken and died a
short time after losing consciousness.

This morning Mrs. Chloe Wilson,
a daughter of the deceased, and her
son, Mr. Joe Wilson, arrived from
St. Louis, but the body of the de-
ceased did not come. It will be ship-
ped today and will arrive tomorrow.
Mr. Joseph Y. Johnson, a son, will
accompany it to Paducah.

The funeral will be held tomor-
row (Wednesday) afternoon at 3
o'clock, with services at the resi-
dence of Mrs. Charles Johnson, 412
Clark street, and interment at Oak
Grove. All friends are invited with-
out further notice.
